EDUCATION

Lambton College in Mississauga
Postgraduate in Big Data Analytics | GPA: 3.54

- Dean’s List (2024)

Mississauga, ON
2024

Softwarica College of IT & E-Commerce (Affiliation with Coventry University)
Bachelor of Science, Computer Science | GPA: 3.6

- Research on solution for improvement of quality service including behavior of tenants and landlords in Nepal.

Kathmandu, Nepal
2022

PROFESSIONAL EXPERIENCE

Junior Data Analyst
Syyar Tech Private Limited

Kathmandu, Nepal
2022 – 2023

- Collected, cleaned, and transformed raw datasets from PostgreSQL, MySQL, and NoSQL sources to support business reporting and decision-making.
- Built and maintained dashboards and visual reports using Tableau and Power BI, providing stakeholders with clear visibility into key operational metrics.
- Wrote and optimized SQL queries to extract, aggregate, and validate data across relational databases, ensuring accuracy and consistency in reporting outputs.
- Collaborated with cross-functional teams to gather data requirements, define KPIs, and deliver analyses aligned with business objectives.
- Performed exploratory data analysis (EDA) to identify trends, anomalies, and actionable insights from structured and unstructured datasets.
- Supported data pipeline maintenance and troubleshooting, resolving data integrity issues and ensuring reliable data flow across systems.
- Automated recurring reporting tasks using Python and JavaScript, reducing manual effort and improving turnaround time on regular deliverables.
- Documented data definitions, analysis methodologies, and reporting procedures to support team knowledge sharing and audit readiness.

TECHNICAL SKILLS

Data & Analytics: PostgreSQL, MySQL, Oracle, NoSQL, SQL, Tableau, Power BI, Data Cleaning & Transformation, KPI Reporting, Performance Monitoring

Languages & Scripting: JavaScript, Python, Kotlin, Java (basic), Bash (basic)

Application Stack: Node.js, REST APIs, Docker, Spring Boot (familiar)

Monitoring & Logging: Application Logging, Performance Monitoring, Incident Triage, Splunk (concepts)

Networking & Security: TCP/IP, API Networking, Load-balanced Architectures, OAuth2, HTTPS, Encryption

Cloud & DevOps: AWS (fundamentals), Docker, Git, CI/CD (basic)

Operating Systems: Linux, Windows
